Subject: Gold King - contract miner

Kirstin,

The other day I spoke w/ [Citizen Name/Ex. 6] who worked in the Gold king in the 90s. He gave me some good information, and suggested that [Citizen Name/Ex. 6] would possibly have maps and more information.

Supposedly he lives in Durango. If you have time to track down a contact for him that would be great. I can take from there unless you are interested or willing to talk with him.

Let me know if you can help.

Thanks,
Steve

Ps. We should talk on other things too.
